COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE
PURSUANT TO 37 C.F.R. § 1.104 (e)

Sir:

In response to the statement of reasons for the indication of allowable subject matter in the Notice of Allowability dated February 12, 2004, and in the Office Action dated August 29, 2003, the following comments are submitted.

Applicants do not believe that the Statement of Reasons for Allowance in this case is warranted/proper under 37 C.F.R. § 1.104(e) and M.P.E.P 1302.14.

While Applicant believes that the claims are allowable and patentably distinguish over the prior art, Applicant does not acquiesce that patentability resides in each feature, exactly as expressed in the claims, nor that each and every feature is required for patentability. And, Applicants submit that patentability is based on the claimed invention as a whole, and not solely on one or more particular features recited in the allowed claims.

Respectfully submitted,
